Specification

Surface Mounted Mirror Shelf Flush with Mirror Edge shall be stainless steel 18 gauge type 304 alloy 18-8. Edges shall be returned 5/8" (16mm) and corners shall be heliarc welded. Mirror shelf width shall be 5" (127mm) and length shall be [as specified]. Finish shall be [satin] [bright].

Surface Mounted Mirror Shelf Flush with Mirror Edge shall be Model [MOS] [MS] as manufactured by Tubular Specialties Manufacturing, 13011 South Spring Street, Los Angeles, California 90061, tel 800-Grab Bar.

Installation

- Unit is surface mounted on wall. It is the installer's responsibility to select fasteners that are appropriate for the wall condition and application.
- Shelf installs with angle or channel framed mirrors. For angle frame mirror (order separately, or as a mirror/shelf unit, model M-08 or M-8), shelf installs with snap frame to form a theft-resistant integral unit.
- Accessories should be inspected periodically to make sure their attachment to the wall is not loosening.

TSM MOS & MS Mirror Shelves are guaranteed against defects in workmanship and material for one year from shipping date.
