BRASS CURTAIN RING

DESIGN CONSIDERATIONS

- The natural beauty of the bright brass finish is maintained by regular, frequent cleaning and polishing. For strictly decorative applications or where access for cleaning isn't possible, clear coating is available as an option to prevent oxidation of the finish. However, the clear coating will lose its effectiveness if it becomes scratched. For further information, see Care of Metal Finishes, Reference Section B.

MODEL NUMBERS (select one)

- BH-435**—Fits 1-1/2" (38mm) O.D.
