## NYLON SHOWER CURTAIN

### DESIGN CONSIDERATIONS

- The SC Series is an easy care, commercial curtain available in a wide variety of colors.
- Weights are sewn into SC curtain hems. These are necessary for even hanging, proper draping and for keeping the curtain inside.
- Specify curtains 6" (152mm) to 12" (305mm) wider than the shower rod length.
- For cross-reference information on TSM's shower curtains, please consult Shower Curtain Feature Comparison Table (Reference Section I).
- TSM also offers shower curtain hooks in stainless steel and white plastic, as well as curtain rods of many varieties, including exposed and concealed flange models, slotted rods, corner configurations, etc., to accompany its shower curtains.

### FINISH (select one)

- White (standard)
- Other (additional charge; see Finish Schedule, Reference Section A, for options)

### SUGGESTED ARCHITECTURAL SPECIFICATION
