## Surface Mounted Bottle Opener

### Technical Data

Revised October 2008

### Specification

Surface Mounted Bottle Opener shall be type 304 (18-8) 16 gauge stainless steel, one-piece construction. All exposed surfaces shall be [satin] [bright] finish as chosen by option and indicated by code suffix S or B. Unit shall be protected during shipment with PVC film easily removable after installation.

Surface Mounted Bottle Opener shall be Model [870-QS] [870-QB] as manufactured by Tubular Specialties Manufacturing, 13011 South Spring Street, Los Angeles, California 90061, tel 800-Grab Bar.

### Operation

Place bottle into opener and push downward.

### Installation

1. To comply with ADA Accessibility Guidelines, unit should be installed so that opener is 54" (1372mm) maximum above finished floor if clear floor side reach access is provided, or 48" maximum AFF if clear floor forward reach access only is provided, or 46" (1168mm) maximum AFF if only side reach over an obstruction is provided (i.e. vanity).
2. Unit is surface mounted. A mounting hole through back is keyhole-shape for ease in hanging unit on pre-installed fastener (it is the installer's responsibility to select fasteners that are appropriate for the mounting surface.)
3. Unit is secured by tightening bottom fastener (supplied by others) firmly to wall.
4. Accessories should be inspected periodically to make sure their attachment to the wall is not loosening.

TSM 870-Q Bottle Opener is guaranteed against defects in workmanship and material for one year from shipping date.
