Specification

TSM Model [875-C-18] [875-C-24] [875-C-36] Heavy-Duty Round Towel Bar shall be type 304 (18-8) stainless steel. Tubing shall be $\frac{7}{8}$ " diameter x 20 gauge (22mm x 0.9mm), #600 grit satin round tubing with black plastic plugs press fit into ends. Flanges shall be 20 gauge square concealed screw covers that snap lock over 14 gauge (1.9mm) base flanges.

Heavy-Duty Round Towel Bar shall be Model 875-C as manufactured by Tubular Specialties Manufacturing, 13011 South Spring Street, Los Angeles, California 90061, tel 800-Grab Bar.

Installation

1. Unit is surface mounted on wall at locations marked by an "S".
2. It is the installer's responsibility to select fasteners that are appropriate for the wall or partition condition and application.
3. For plaster or dry wall, provide in-wall backing complying with local building codes.
4. Align cover flange dimples over notches on wall flange and gently tap in place with a rubber-tipped hammer.
5. Accessories should be inspected periodically to make sure their attachment to the wall is not loosening.

TSM 875-C Heavy-Duty Round Towel Bar, Concealed Screw is guaranteed against defects in workmanship and material for one year from shipping date.
