

TSM seats are superior quality with type 304 satin finish stainless steel frames and a choice for the seat surface of either Naugahyde® cushion or phenolic. The seat appearance can be upgraded with a varied choice of plated or powdercoated colors for the frame and matching Naugahyde® cushions. *For complete color selection, see page 3.*

TSM shower and tub seats will support 250 pounds of static load when correctly installed (1112N). Backing is required for every seat installation; mounting hole dimensions below will result in installed seat height of 18" above finish floor (457mm). Consult local codes to assure compliance. Grab bars should be specified in conjunction with all shower seats. All seats can be modified to custom dimensions. See installation information on page 17.

Naugahyde® covered cushions are comfortable to sit on and the seamless design makes them virtually waterproof. White is standard, or you can coordinate the cushion color selection with powdercoated accessories such as towel bars, grab bars, soap dish holders, etc.

Phenolic is a high-pressure laminate that is sturdy and easy to clean. It is easier than cushions for most people to slide across because it is hard and smooth. In addition, the openings provide convenient drainage. Phenolic is available in either woodgrain or ivory color and requires little or no maintenance other than regular cleaning.

Maintenance: All seats and grab bars must be checked frequently to ensure that the installation is secure and the product is in good working condition.

Wheelchair Transfer Seats

The Wheelchair Transfer Seat complies with the Americans with Disabilities Act (ADA) for use in a 36" x 36" (914mm) shower stall. The seat's distinctive shape allows the user to transfer from a wheelchair to the narrow part of the seat and slide across to the wide section in the corner of the stall.

731 Folding Wheelchair Transfer Seat

- 731-A** White Cushion, S/S Frame **TECH DATA**
- 731-PH** Woodgrain Phenolic Slats, S/S Frame **TECH DATA**
- 731-PHI** Ivory Phenolic Slats, S/S Frame **TECH DATA**
- 731-PHI2** Ivory Phenolic One-Piece Top, S/S Frame **TECH DATA**

Frame is welded construction, satin finish stainless steel type 304 tubing, round 1" x 18 gauge (25 x 1.2mm) and square 1 1/4" x 1 1/4" x 18 gauge (32mm x 1.2mm).

A guide bracket supports U-shaped legs which move up and down with minimal but intended resistance. TSM's unique counterbalance mechanism prevents accidental freefall of the seat when it is lowered into position or raised to be folded up against the wall.

Overall Size: 34 1/2" wide x 20" projection from wall (876 x 508mm) **ADA**

Mounting Holes from Finished Floor:
Cushion Model - 5 1/4" & 8 1/4" for Guide Bracket; 11 7/8" & 13 1/2" for flanges.
Phenolic Model - 6 1/2" & 9 1/2" for Guide Bracket; 13 1/8" & 14 3/4" for flanges.

733 Folding Wheelchair Transfer Seat

- 733-A** White Cushion, S/S Frame **TECH DATA**
- 733-PH** Woodgrain Phenolic Slats, S/S Frame **TECH DATA**
- 733-PHI** Ivory Phenolic Slats, S/S Frame **TECH DATA**
- 733-PHI2** Reversible Ivory Phenolic One-Piece Top, S/S Frame **TECH DATA**

Similar configuration as 731, except the frame is mechanically assembled and there is no counterbalance mechanism to offer resistance when the seat is lowered. The phenolic seat is available in either slats or in one piece.

Overall Size: 33" wide x 22 3/16" projection from wall (838 x 579mm) **ADA**

Mounting Holes from Finished Floor:
Cushion Model - 2 1/2" & 9 3/4" for Guide Bracket; 10 3/4" & 12 3/8" for flanges.
Phenolic Model - 3 3/4" & 10" for Guide Bracket; 12" & 13 5/8" for flanges.

Folding 4-Legged Shower/Dressing Area Seat

- 736-A** White Cushion **TECH DATA**
- 736-PH** Woodgrain Phenolic Slats
- 736-PHI** Ivory Phenolic Slats
- 736-PHI2** Ivory Phenolic One-Piece Top **TECH DATA**

Similar configuration as 730, except the seat has four legs. S/S frame.

Overall Size: 18" wide x 15 7/8" projection from wall (457mm x 403mm)

Mounting Holes from Finished Floor:
Cushion Model - 11" & 12 3/4" for flanges (279 x 324 mm).

Phenolic Model - 12 1/4" & 14" for flanges (311 x 356 mm).

734 Folding 4-Legged Transfer Seat

- 734-A** White Cushion, Satin S/S Frame
- 734-PH** Woodgrain Phenolic Slats, Satin S/S Frame
- 734-PHI** Ivory Phenolic Slats, Satin S/S Frame
- 734-PHI2** Ivory Phenolic One-Piece Top, Satin S/S Frame

Similar configuration as 733, except the seat has four legs.

Overall Size: 33" wide x 22 3/16" projection from wall

Mounting Holes from Finished Floor:
Cushion Model - 11" & 12 3/4" for flanges.
Phenolic Model - 12 1/4" & 14" for flanges.

Shower/Dressing Area Seats

Fastener Kits are ordered separately (see page 23).

730 Shower/Dressing Area Seat

- 730-A** White Cushion **TECH DATA**
- 730-PH** Woodgrain Phenolic Slats **TECH DATA**
- 730-PHI** Ivory Phenolic Slats **TECH DATA**
- 730-PHI2** Ivory Phenolic One-Piece Top **TECH DATA**

730 Frame is welded construction satin finish stainless steel type 304 tubing, round 1" x 18 gauge (25mm x 1.2mm) and square 1 1/4" x 1 1/4" x 18 gauge (32mm x 1.2mm). A guide bracket supports U-shaped legs which move freely up and down, allowing the seat to be lowered to sitting position or to be folded against the wall and held in place by clip with spring action.

Mounting Holes from Finished Floor:
Cushion Model - 1 1/2" & 8 3/4" for Guide Bracket; 10 3/4" & 12 3/8" for flanges.
Phenolic Model - 3 1/2" & 10 3/4" for Guide Bracket; 12 3/4" & 14 3/8" for flanges.

Overall Size: 18" wide x 15 1/2" projection from wall (457 x 394mm)

735 Shower/Dressing Area Seat

- 735-A** White Cushion **TECH DATA**
- 735-PH** Woodgrain Phenolic Slats **TECH DATA**
- 735-PHI** Ivory Phenolic Slats **TECH DATA**
- 735-PHI2** Ivory Phenolic One-Piece Top **TECH DATA**

Similar configuration as 730, except the frame is mechanically assembled instead of welded construction. The phenolic seat is available in either slats or in one piece.

Mounting Holes from Finished Floor:
Cushion Model, 2 1/2" & 9 3/4" for Guide Bracket; 10 3/4" & 12 3/8" for flanges. Phenolic Model, 3 3/4" & 10" for Guide Bracket; 12" & 13 5/8" for flanges.

Overall Size: 18" wide x 15 7/8" projection from wall (457 x 403mm)

Shower Seat for Roll-In Shower

740 Shower Seat for Roll-In Shower

- 740-A** White Cushion, Satin S/S Frame **ADA**
- 740-PH** Woodgrain Phenolic Slats, Satin S/S Frame
- 740-PHI** Ivory Phenolic Slats, Satin S/S Frame
- 740-PHI2** Ivory Phenolic One-Piece Top, Satin S/S Frame

Similar configuration as 730. Seat complies with ADA Guidelines for Roll-In Shower Seat.

Overall Size: 22 1/2" wide x 18" projection from wall (572 x 457mm)

Mounting Holes from Finished Floor:
Cushion Model, 3 1/8" & 11 3/8" for Guide Bracket; 11 1/2" & 13 1/8" for flanges.
Phenolic Model, 4 3/8" & 12 5/8" for Guide Bracket; 12 3/4" & 14 3/8" for flanges.

Bathtub Seat

750 Fold-Up Bathtub Seat

- 750-PH** Woodgrain Phenolic **ADA**
- 750-PHI** Ivory Phenolic **TECH DATA**

Spans the width of the bathtub. Fits bathtubs measuring a maximum of 30" in width (762mm), wall to outside of bathtub lip. Frame is stainless steel type 304. Stainless steel frame 1" x 18 gauge satin finish (25x1.2mm). Wall brackets hold the seat in place over the bathtub, allowing the seat to rotate freely up and down from a fixed position.

The outside lip of the bathtub supports the seat when it is lowered in place. A manually operated retaining hook mounted on the wall holds the seat in place when it is folded up against the wall. Rubber buffer protects bathtub lip.

Corner Seat

712H Folding Corner Seat

- 712H** Folding Corner Seat **TECH DATA**
- 712** Fixed Position Corner Seat

Ideal for showers with limited space. Stainless steel 16 gauge (1.7mm) type 304, satin finish. Edges channel-formed for maximum safety. Model 712-H has one side hinged to allow additional space when not in use.

Overall Size: 14" x 14" (356 x 356mm)

Compact Seat

711 Compact Seat

- 711-PH** Woodgrain Phenolic, Satin S/S Frame
- 711-PHI** Ivory Phenolic, Satin S/S Frame

Compact design to fit in a small shower. Folds up against the wall when not in use. Frame is stainless steel type 304, 1" x 18 gauge satin finish (25 x 1.2mm).

Overall Size: 16" wide x 12 1/2" projection from wall
